NEWSLETTER OCTOBER 2026

CONSTRUCTION SITE

City Archives

Whilst the interior fit-out work and the renovation of the ground floor at the future City Archives in Villa Conter are progressing, work is also being carried out on the roof. This will be stripped, reinforced and re-laid in the coming weeks. The windows have also already been ordered and will be fitted in the coming months. Tenders for the technical installations will be invited shortly.

MUNICIPAL PROJECTS

Padel courts

Since mid-October, the padel courts in Nordstad have been bookable via the Balle Jaune website (QR code). You must register and create an account the first time you use the courts. As the padel courts are a project run by the four Nordstad municipalities, they are exclusively reserved for residents of Nordstad. To do this, you must upload proof of residence to activate your account. The price is €20 per court per hour. Further information on the operation and access to the courts can be found on the municipality's website.

New cycle shelters

Three cycle shelters are being erected at various locations: a large shelter on the '*Al Schwemm*' site, one in front of '*Wirtgensschlass*' and one near the Military Museum. The foundation work is almost complete; the shelters have been ordered and are due to be erected by the end of the year. Once the cycle shelter on the site of the former swimming pool is complete, a corner will also be set up there for repairing and cleaning bicycles. Green roofs will also be installed on the timber-clad shelters on the site of the former swimming pool and in front of the Military Museum.

Nordstad Survey: Sports Facilities

Your opinion matters – help shape the sporting future of your community! How do you keep fit? How satisfied are you with the sports and leisure facilities in the community? And what would you like to see in the future? To better understand residents' needs and tailor future planning accordingly, the Nordstad Syndicate has launched a survey. All residents aged 14 and over can take part. Participation is anonymous and takes just a few minutes. Take part by scanning the QR code, and you might win a little surprise.

FESTIVALS & EVENTS

Literature Wednesday

Following a successful first series of '*De Literatur-Mëttwoch*', the series is now entering its second round. It kicks off on 28 October with author Percy Lallemang and his thriller 'In the Land of the Blind', as well as guest Zangerlé with the crime novel '*Les sanguinaires des Abymes*'. The series continues on 18 November with author Jemp Schuster and his novel '*Spawecken*'. He will be accompanied musically by Claire Parsons. The events take place at 6.30 pm in the Old Church.

Film screening: "Mãe"

On 12 November at 7.00 pm, the Social Affairs Commission and the Senior Citizens' Commission, in collaboration with Ciné Scala and the Dementia Information Centre, invite you to a screening of the film "Mãe". This drama explores themes of love, dementia and ageing, and is inspired by the family history of director João Brás, who will also be in attendance. Following the film, there will be a discussion with Dr Ana Carolina Teixeira Santos, followed by drinks hosted by the Commission. Registration is free. You can reserve your place until 10 November (info@demenz.lu / +352 26 47 00).

CLIMATE NEWS

Risk of flooding in autumn

In early October, the Ministry for the Environment launched its new website on flooding – **www.inondations.lu** – during the '*Prett fir den Hierscht*' press conference. There you will find all the information on water levels, forecasts and warnings. Due to climate change, it is important that people have access to safe and reliable information so that they can better prepare for flooding. In this context, the Ministry also offers grants to property owners who wish to protect their houses and flats specifically against flooding. These grants cover 75 per cent of the costs and also apply to buildings used for commercial, economic, cultural and public purposes. Further information on this can be found at **www.emwelt.lu** .
